

## Signalling Works Testers

**Location:** Doncaster, York or Kettering

**Position Type:** Permanent

**Salary:** Dependent on qualifications and experience

Following recent successes with the S&C Renewals Framework and the LNE S&T Framework for CP6, we are currently looking to recruit New Works Testers across all grades to join our Signalling Test teams operating out of Kettering, Doncaster and York.

At TICS Rail Signalling, part of the Trackwork Group, we believe it takes more than know-how and a broad capability to build a successful business and satisfy our customers. Energy, commitment, integrity, professionalism, vision and innovation are all vital factors required to sustain our position as a major employer in the railway signalling community.

We invest in our people, providing a full career development plan for each member of staff to ensure ongoing levels of competence and career progression are achieved. Our structure and grading system recognises talent and rewards it. We aim to attract the right people and make them the best they can be.

If you are looking for an established full time employer that gives great career development and progression opportunities why not join a company like TICS?

### Roles

Tester in Charge (Mod 1 Simple & Complex), Principle Testers (Mod 2) Functional Testers (3Bi, 3BL & Mod 4) Verification Testers (Mod 3c), and Assistant Testers (Mod 5)

### Essential Requirements

- Experience as a Works Tester and IRSE licenced or working towards a licence at the appropriate level.
- Knowledge of the Network Rail Signal Works Testing Handbook.
- Must have excellent communication skills.
- Must be reliable, embrace flexible work patterns and be a team player.
- Must also hold a valid ICI, PTS AC & DCCR.
- Full UK Driving License.

We are also looking for people who are currently in a railway role who would like to become a Trainee Assistant Tester. For these roles you must have the following:

- Education/experience in a Railway environment.
- Must be reliable, flexible and a team player.
- Full UK Driving License

Please do not apply if you do not hold all of the essential requirements.

An up-to-date IRSE Log book will be required at interview stage.

Due to HSE Fatigue Register Index requirements you must live (or be willing to relocate if appointed) within at most a 60 minute commute of our Doncaster, York or Kettering home stations.

**Please send a CV to [jobs@trackwork.co.uk](mailto:jobs@trackwork.co.uk)**

TICS Rail Signalling and Trackwork are committed to equal opportunities.
