

Assistant Signalling Tester

We are currently looking to recruit Assistant Tester's or Trainee Assistant Tester's to join our Signalling Testing Team.

At TICS Rail Signalling, part of the Trackwork Group, we believe it takes more than know-how and a broad capability to build a successful business and satisfy our customers. Energy, commitment, integrity, professionalism, vision and innovation are all vital factors in our position as a major player on the railway scene. We invest heavily in our people, providing a full career development plan for each member of the team to ensure ongoing levels of competence. Our structure and progression system recognises talent and rewards it. We aim to attract the right people and retain those that we employ.

The Role

To assist under direction the testing of signalling components and equipment in accordance with the test specifications and plans.

The job assists in:

- Inspections of equipment and systems for safety defects;
- Performing and recording results of safety tests on critical equipment and systems;
- Testing and certifying the safety of new systems/installations;
- Testing and certifying the safety of systems/installation modifications;
- Auditing of safety of railway installations; and
- Recommending safety improvements in equipment and/or systems.

Requirements

Assistant Tester

- Experience as an Assistant Tester
- Knowledge of the Network Rail Signal Works Testing Handbook
- Must have excellent communication skills
- Must be reliable and flexible
- Hold SWTH MOD 5
- Have or be working towards IRSE Functional Licence
- Must also hold a valid PTS AC & DCCR
- Full UK Driving License

Trainee Assistant Tester

We are also happy to take applications from people are not experienced as we can offer a full training package. Preference will be for those who have worked trackside but this is not essential. However the following is essential.

- Must have an aptitude for electrical engineering
- Must have excellent communication skills
- Must be reliable and flexible
- Full UK Driving License

Due to HSE Fatigue Register Index requirements you must live (or be willing to relocate if appointed) within at most a 45 minute commute of Doncaster, York or Kettering.

TICS Rail Signalling and Trackwork are committed to equal opportunities.
